

Managing & Minimizing Chaos in the Workplace

RECORDED ACCESS ONLY

This course will provide participants an opportunity to learn how the workplace has changed and what has caused the changes. In this session, we will take a journey of how the workplace used to be to how it is today. We will uncover the different strengths of each generation and begin to see their work expectations through their lenses. We will also learn what causes chaos in the workplace, what the leader can do to manage and avoid Chaos. This session will provide best practice for participants to take away.

In today's workplace, we have 5 generations in the workplace for the first time in our history. Many managers are challenged on how to manage 5 different generations, meet their need while attracting and retaining a workforce that is productive. Across America, workplaces are becoming increasingly challenging and chaos. This session will take a look at today's workplace and provide tools to Manage and Minimize Chaos in today's Workplace.
